10 Years of Relay Riders UK!

About Relay Riders...

We are a motorcycle group with over 4,000 members across the UK. We formed in 2014 & have raised funds for various charities including, the 'NABB', 'S.O.T.S.', 'U.K.A.M.B', 'Mental Health Research UK' & 'NABD'.
Our nominated charities for 2024 are: 'DocBike' & 'Lia's Wings'.

About the Relay...

A teddy bear mascot is carried by volunteer motorcycle riders, transferred from rider to rider at set handover points around the UK on a pre-set route.

The relay runs non-stop, so different legs of the journey will take place during the day and night until the mascot completes the final leg of the relay.

It usually takes two to three weeks for the teddy bears to complete the full national route.

All we need is your support!
